

**IMMERSIVE PEDAGOGICAL
SOLUTIONS FOR
PROFESSIONAL TRAINING**

EDITORIAL

Since 2011, MIMBUS has specialized in providing innovative virtual solutions for professional training. These pedagogical tools bring a new dimension to training and completes the teaching resources already used by trainers.

Today, the MIMBUS catalog includes almost 40 learning solutions enabling learners to benefit from an immersive and interactive experience.

ADAPTED SOLUTIONS

The MIMBUS pedagogical team will support you throughout the process of integrating virtual solutions into your training courses.

TRAIN YOUR LEARNERS WITH VR

MIMBUS offers a wide range of virtual reality solutions for a wide range of industries.

EVALUATE YOUR LEARNERS IN REAL TIME

Each solution is connected to the manual skills management system, enabling you to monitor your students' performance in real time and analyze their progress over time.

INTEGRATE THESE TOOLS EFFICIENTLY

MIMBUS supports you throughout the integration process, so that you can exploit the full potential of new technologies.

THE BENEFITS

- ✓ Learning by doing
- ✓ Safe learning
- ✓ Savings on consumables costs
- ✓ Acquisition of technical gestures
- ✓ Illimited practice

MIMBUS also offers customized development
for all your projects.

“THEY TESTIFY

DIDIER ESSELIN,
National Education Inspector at the
Nancy-Metz Academy

*Trainers appreciate
the work environment;
the realism of working
conditions; the levels of
difficulty offered and the
follow-up of learners.*

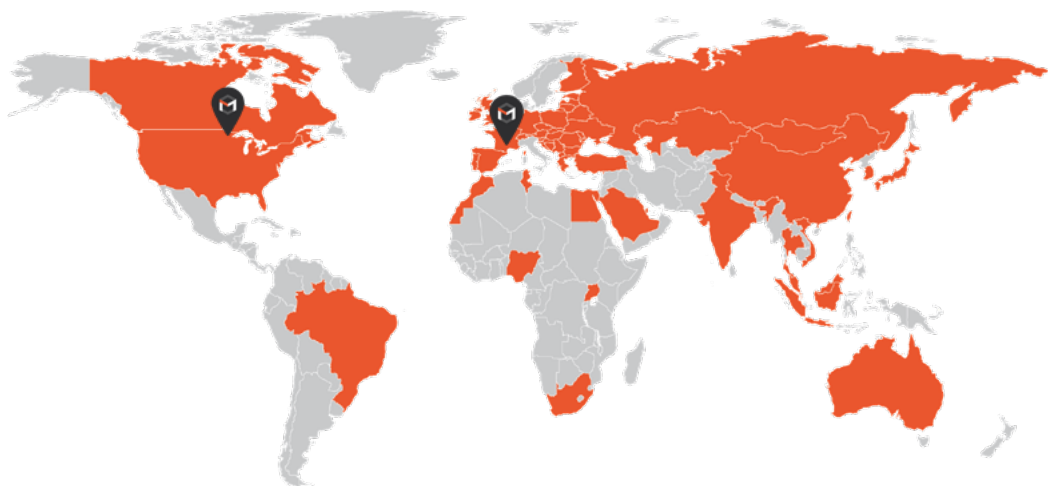

RYAN OTT,
Executive Director for BIG IDEAS

*It's effective, realistic and
professional!*
